Dukemount Capital Plc
("Dukemount" or the "Company")

Audit Update

Further to the announcement of 1 November 2022, Dukemount Capital plc, the property management and long dated income specialist today provides an update to investors and the market in regards to recent developments at the Company

As announced on 1 November, trading in the shares of Dukemount is currently suspended, as the Company was unable to complete and publish its audited financials for the year to 30 April 2022 in the prescribed time.

Since this announcement, the Company has been working closely with its auditors to complete the audit, the publication of which will allow the Company to apply for the suspension of trading in its shares to be lifted.

This process has taken longer than expected but the Board is pleased to confirm that it now believes that we are nearing the end of the process and, as such, the Company hopes to be able to provide the market with a positive update on this matter in the near future.

The Board is very grateful to all its stakeholders for their continuing patience in this matter. All of the officers and advisors to the Company are working as expeditiously as is possible to reach a conclusion to this process.
