The board would like to direct shareholders to the project section of the website where we have today uploaded some recent photos of the Wavertree project.

Despite an unprecedented six months involving Brexit, a General Election and now the Coronavirus pandemic, the 16 apartments and offices in the Wavertree project in North West England are in final fit out. We remain in close contact with the architects and contractors with regards to the Coronavirus situation and will update as soon as we are informed of any potential change to Government advice with regards to construction sites.
